ADVANCED CERTIFICATION PROGRAMME

£ 650 + VAT

(This course will earn you 26 CPD hours)

To attend this course you will already have completed the beginners level where you will have covered nail anatomy, health & safety, nail diseases and disorders, nail types, natural manicure, pedicure and tip application techniques. Or completed a NVQ Level 2 or equivalent where the mentioned modules and techniques were included. Please note there must be a gap of at least 8 weeks since the completion of the Beginners or NVQ/VTCT level 2 course and the start of the Advanced programme. This is to ensure that you are at a competent level to learn more advanced techniques.

THE COURSE THEORY WILL INCLUDE

- Refresh on nail anatomy, health & safety, nail diseases and disorders, nail types and tip application techniques
- Explore in detail nail strengthening systems, the advantages and disadvantages of each system.
- What are UV Gels and How do they work
- What are the main UV gel systems/brands and their differences
- Trouble shooting
- Maintenance of gels overlays
- Sculpting extensions
- Correct use of electronic filers and maintenance.

THE PRACTICAL CONTENT WILL INCLUDE

- Blending tips with the aid of an electric file
- Creating the perfect c curve using builder gel
- Gel application in natural finish
- Gel application in French finish
- Gel application using a builder French gel
- Gel application in colour finish
- Sculpting techniques using forms
- Repair techniques using forms and fibreglass
- Infilling techniques
- Removing gel with an electric file
- Re-balancing of the nail
- French finish in fills
- Colour finish in fills

COURSE DURATION

The duration of the course will be 5 full days which will be split into 7 weeks. This is to allow you time to practice and perfect the skills learnt during class time stage by stage.

	Class Work	Home Work
Day 1 Full day 10am to 5pm Sunday	Theory, correct use of electric file. Tip blending with aid of electric file with base overlay	Learn about starter kit products – used and misuses and relevant info on contractions to nail treatments & hygiene.

Day 7 Evening 6.30pm – 9.30pm Model 2 required Wednesday	Review of week 6 homework Re-balance & infill with french gel finish	Practice, practice, practice – in preparation for assessment

MODELS

Although you will be bringing in your models 1 & 2, you will not be permitted to work on you own models. This is to emulate a real client scenario. You should explain this to your models before they agree. Your models must be aged 16 or over.

TOOLS & EQUIPMENT

During the course you will have at your disposal Different UV lamps and professional nail filers. This will allow you to test these tools and to find your preference.

For the duration of the course, you will be provided with a Nail Training Hand for Home practice. You will be required to leave a deposit of £50.00 for the training hand whilst it is in your possession. This will be returned to you once the training hand has been returned in good re-useable condition.

You will also be required to purchase a starter kit which will include all the products, tools and equipment necessary for your use on the course and for home practice.

The Starter Kit is priced at £290.00 + Vat the products in the starter kit are listed below; we also strongly suggest you buy a UV lamp and nail machine to enable you to perfect your skills at home or nail bar - we would suggest the following products;

JUNIOR STARTERKIT

- Starter Kit (compulsory) £290.00+vat
- UV lamp 1 row £ 90.00+vat

- cuticare stick
- nail off 100 ml
- non acetone polish remover with pump
- UV protect 15 ml

ASSESSMENT

Throughout the course you will be monitored and assessed on your ability, which will include;

Perfection of the techniques taught
 Speed
 Order
 Cleanliness
 Finishing
 Self assessment
 Tool handling
 Understanding of client needs
 Understanding of products and uses

When you feel you have reached the required standards you can book in for a formal assessment.

For the assessment you will be required to complete a half set of medium length tips and half set of Sculpt extensions to match with French finish – you will be allowed 4 hours for completion to ensure the end result is to perfection. (Normally a full set with Gel overlay should take no more than 2 hours). You will not be permitted to ask questions or the use of notes. You must make sure you bring all necessary tools and equipment with you to complete the task. You will be required to bring your own model.

There will also be a short theory exam to ensure you understand the concepts behind the techniques.

QUALIFICATION

On successful completion you will be awarded with a certificate which will include all the key techniques and finishes. The certificate will also include the Guild of Beauty Therapists & Habia accredited 26 CPD hours.

Please note if you fail to meet the standards required you will not qualify to Advanced certification level and will be asked to attend further training days (free of Charge) to perfect your skills and further practice on training hand. It is important to us and your future clientele that you are skilled and confident enough to carry out this treatment successfully.
